

Villa Maria Academy
Summer Math Practice
Grade 2

June 2019

Dear Parents,

Thank you for all that you do to support your daughter's academic success. As you know, it is imperative for the girls to keep up with their math skills over the summer to ensure that it stays fresh in their minds. This will help them greatly in September to make a successful start and a smooth transition into 2th grade. In our classroom next year, we will be concentrating on a variety of mathematic skills. We will also be focusing on communicating mathematically, applying mathematical reasoning through project-based learning, higher order problem solving, and technology integration in mathematics.

For girls entering 2nd grade, the math work this summer is on IXL Math. This is a website with which your daughter is familiar. Your daughter is to practice her skills using Grade 1 topics. Below is the login information for your daughter. We have provided a log packet for the girls to write down the date, topic, and amount of time they spent during each activity. Please include a parent signature. Your daughter should spend about 10 – 15 minutes per session.

We are excited about Math at Villa Maria and we want the girls to be excited as well. This is the kind of attitude that will foster confidence and success for the upcoming school year. We look forward to a wonderful 2019-20 school year with you and your daughter.

Blessings on your summer and we look forward to seeing you in September!

Link to IXL www.ixl.com/signin/vmals

User Name*: first initial + last name+26 (example: bgrieves26)

Password: taffy1

*When you log in to the website on a computer you do not need to type @vmals at the end of the user name. If you are using the website on an iPad, you will need to type @vmals the first time you log in.

NOTE: These skills are in the Grade 1 Section. If your daughter needs more challenging problems, then go to the 2nd Grade Section. Please note we will be working on the 2nd grade skills over the course of the school year.

**Summer Math Log Sheet for IXL
(entering 2nd Grade)**

Name: _____

Date	Grade 1/Topic	Time Spent	Parental Signature
	#A.9 – Counting by twos, fives, and tens		
	#A.13-Counting on the Hundred Chart		
	#A.15-Even or Odd		
	#A.20 Sequences – count up and down by 1,2,3,5,10		
	#C. 1 through C.10 Addition Skill Builders		
	#D.11 – Addition facts up to 20		
	#D.13 – Addition sentences for word problems		
	#D.17 – Regroup tens and ones		
	#F.3 – Subtraction sentences using number lines		
	#G.1 through G.10 – Subtraction skill builders		
	#H.10 – Subtraction word problems		
	#H.14 – Subtraction sentences true or false		
	#J.3 – Fact families		
	#J.6 – Addition and subtraction word problems		
	#J.10 – Addition and subtraction terms #L.1 – Estimate to the nearest ten
